

Coordinated Services Planning Training for Families

What is a Coordinated Services Plan, CSP? Why would I want one for my child? How do I get one if I think I need it?

If you would like the answers to these questions, consider attending a workshop presented by the Vermont Federation of Families for Children's Mental Health, VFFCMH. With support from your Local Parent Representative, VFFCMH is bringing this workshop to your region. Our goal is to support and inform families who are asking themselves these questions, or are facing challenging situations with their children and think they might benefit from a CSP.
